**Invitation to the International Transport Forum's 2025 Summit**  
***Transport Resilience to Global Shocks***  
Leipzig, Germany, 21-23 May 2025

Dear Minister,

Chile has the honour of holding the 2024-2025 Presidency of the International Transport Forum (ITF), and in this capacity, I am delighted to invite you to the ITF's next annual Summit on enhancing *Transport Resilience to Global Shocks* which will be held from 21 to 23 May 2025 in Leipzig, Germany.

The ITF Summit is the world's largest gathering of transport ministers and the premier global transport policy event. Since 2008, ministers, heads of international organisations, parliamentarians, and leaders in industry and academia have met annually during the 2.5-day Summit to discuss the future of transport and mobility through the prism of a strategic topic of global importance.

This year, participants will reflect and share perspectives on how to ensure the continuity of transport systems amidst disruptions such as natural disasters, pandemics, cyber-attacks, and geopolitical crises. Discussions will centre on policies for adapting to, mitigating and recovering from these shocks, with an emphasis on transforming systems into more sustainable and resilient networks.

The 2025 Summit offers a diverse range of sessions featuring high-level speakers and engaging panellists. I particularly hope you will join the annual Council of Ministers meeting, the cornerstone of the Summit programme, where we Ministers will address key organisational matters. This will be followed by an Open Ministerial session, where guest ministers and industry leaders will join us in exploring how cooperation between the public and private sectors can bolster transport systems' resilience.

The event will also provide diverse opportunities for you to meet your peers in government and high-level representatives of ITF stakeholders in industry and civil society. The ITF Secretariat will be pleased to help you arrange bilateral meetings, technical visits, media conferences and other events to make your participation in the Summit stimulating and productive.

Please mark the 2025 Summit in your calendar. I am counting on your active presence at this key event for transport ministers, so that together we can build a forward-thinking vision for transport and mobility in an increasingly uncertain world.

I look forward to hearing from you and seeing you personally in Leipzig in May.

Yours sincerely,

**Juan Carlos MUÑOZ ABOGABIR**  
Minister of Transport and Telecommunications  
Republic of Chile
