

**State of Israel  
Minister of Energy**

December 22, 2020

His Excellency  
Suhail Mohamed Faraj Al Mazrouei  
Minister of Energy and Infrastructure  
Abu Dhabi, United Arab Emirates

Your Excellency,

The historic Abraham Accords signed in Washington on September 15, have grown to include similar agreements with other neighboring countries and regional partners. The Accords provide a unique and unprecedented opportunity on a grand scale, for the development of the energy economies and resources of our countries and the entire region.

Although I was unable to attend the meeting physically in Abu Dhabi, it was a great pleasure to participate virtually in the ministerial dialogue where we discussed how the energy sector can support the spirit and realization of the common values embodied by the Abraham Accords.

I would like to thank you again for hosting my team during their trip to Abu Dhabi on December 15, and I look forward to having the opportunity to host you in Israel in the near future to advance cooperation between UAE and Israel on a wide range of energy issues.

Sincerely,

A handwritten signature in black ink, appearing to read 'Y. S.', written over the word 'Sincerely'.

Dr. Yuval Steinitz
